Location

Electric Wharf is a thriving creative canal-side scheme located to the immediate north of Coventry City Centre. The Cable Yard is located at the heart of the scheme which itself is the centre of continuing rejuvenation and regeneration in this established office development. From Junction 9 of Coventry city centre ring road, the first right turn into Light Lane leads onto Sandy Lane via St Nicholas Street and the scheme is located on the right hand side. Electric Wharf is in walking distance of the city centre and main railway station with direct access to London and Birmingham in under an hour.

Description

The office occupies the top floor accommodation of this stand alone building to the rear of the development, accessed via the one-way entry and exit system, which is controlled via a keypad entry system. The office itself is a three storey refurbished brick construction of high Eco value, with both fire and security alarms, accessed via a shared entrance with the other offices in the building. The office is fully double glazed, with gas fired central heating, Category 5 cabling throughout, a kitchen unit with fridge and dishwasher unit and a single WC. The unit also benefits from 4 specific car parking spaces and the permits associated, although there are plenty of excess visitor parking spaces available around the development.
